

### What makes a good Student Council?

Everyone has a different view on what makes a school outstanding.

#### At Conisborough College, our Student Council ensures:

- All students are given the chance to contribute to improving the school.
- Students talk about their ideas for making our school 'Outstanding'
- We decide on which ideas will make the biggest difference and make them happen!

#### We believe this contributes to helping all students:

- Learn better
- Feel safer
- Live more healthy
- Feel pride in their school community
- Be happier at school

The '**Class Representative**' committee meets weekly to discuss issues brought up by individual class groups.

The '**Year Group Representative**' committee meet fortnightly and the '**Executive**' committee, which consists of the chairs of the student council, meet half-termly to discuss any issues which have filtered through the other group meetings.

#### Since January 2010 the student council have been closely involved in the:

- Choosing of the new school uniform
- Review of the anti-bullying policy
- Writing of a policy against cyber-bullying
- Discussing of how the school council can get involved in teaching and learning

**Our school council is a partnership of students and adults, sharing ideas, finding solutions and taking actions to make our school 'Outstanding'.**

## **Student Council Update - Spring 2017**

*Students have been discussing the agenda for the remainder of the year.*
